INDEX TO VOLUME XVI

In the present index, articles are grouped according to the following classifications: Ceramics, Fine Arts, Furniture, Glass, Metals, Printed Arts, Textiles, Miscellaneous, Regular Departments, Authors, and Corrections.

Indexing is done by subject. When the subject is best expressed by quoting the title of the article, that is done, and the fact is indicated by the use of capital letters.

An important feature, to which the attention of students is drawn, is the summary of CORRECTIONS.
